

# DIY Puff Paint

## Ingredients:

1 cup flour

3 teaspoons baking powder

1 teaspoon salt

Water

Food colouring

Ziploc bags

## Instructions

1. Mix all ingredients minus the food colouring together adding enough water for a consistency like pancake batter.
2. Divide in equal parts and place in Ziploc bags.
3. Add a different colour to each mix and squish it around to get the colour even throughout.
4. Rubber band the baggies like you would if you were icing a cake and snip off the teeniest little bit of the tip
5. Paint away! When you are finished, pop the painting into the microwave for 30-45 seconds and watch the paint puff up and grow.
